Northern Part Of State By Probaby Thirty-
Five Thousand Votes.

GARDEN TALK ON DIFFERENT LINE

FROM THAT USUALLY GIVEN—LAWN AND SHRUBS.

FLOWERS FOR THE YARD

Little Lessons to the Amateur Who Plans For Beautifying His Home Grounds.

Some time ago the Gazette published a little talk relative to the care of lawns and how to seed them. To-day this lesson on the lawns is continued with more suggestions coming from the national council of horticulture. These little articles which will appear from time to time in the columns of the Gazette are written by men who are experts in the line of beautifying grounds, both with flowers and shrubs. Relative to the lawns the reader is advised that after the seed has been sown for the lawn the ground should be rolled and watered regularly. It should not be allowed to become very dry and when watered it should be thoroughly soaked. The rolling should continue every few days after the grass has made some growth. Mowing should follow at regular intervals, never letting the grass get beyond the control of the lawn mower. Do not let the mower too low, but cut grass as long as possible on new lawns.

When the lawn has become well established a further application of some fertilizer annually or at least every alternate season is very important. Lawns are often made by seeding with turf from other places. This is desirable for immediate effect when the expense is not prohibitory and better results can be got than with sowing with seed, when perfectly clean soil can be had. Moreover sodding is necessary on terraces or other abruptly sloping places where the soil is liable to wash down before a turf is formed. It is also a good plan to have a good clean sod for the edges of the lawn along the walks, etc. The ground should be prepared for sodding the same as for seeding. The sods are cut in convenient sizes about one and a half inches thick. The ground should be sprinkled with water just before the sod is laid and immediately after and it is well to turn the sod wrong side up and soak it before laying.

The best time to sow seed for a lawn in northern latitudes is early in the spring, just as early as the weather permits. It is possible to sow the seed in early autumn, which will allow the thin portions to be reseeded the next spring.

Tea roses are another suggestion for the lawn with a small plot of land which hesitates to turn into a garden.

In the tea rose, form, color and fragrance are blended in delectable manner, but perfect hardness is unfortunately lacking. In roses of this class, making it sometimes difficult to winter them safely in northern latitudes. Considerable protection is required. Besides killing the earth about each plant a shelter of boards should be built about them in the winter with a slanting roof to shed the snow. Dry leaves should fill the space between the sides of the shelter and the plants. The shelter should be erected in November.

The gardener who is willing to take such precautions to protect his tea roses may plant his best tea roses without fear, and be sure they will be a never ending delight. The tea roses are especially excellent for cutting the flowers. There are many varieties of merit. Two recent introductions excel their predecessors in many ways for outdoor planting. Pink Mamm Cochet and White Mamm Cochet produce blossoms suitable for cut flower purposes. The flowers are remarkably beautiful in form, charming in color and remain perfect long after being cut. The pink variety is surpassed in beauty by the white, which is tinged with rose color. The buds of both varieties are unusually well formed. They should not be cut until three-quarters open, being then at their best. The plants are vigorous and bear many flowers. A few plants will furnish a good supply of blossoms for use in the house during the summer.

Golden Bell is another flower which might be planted. This is a charming plant, the flowers of which—showy yellow blossoms, distributed along the branches so as often to cover the whole bush—come into blossom before the leaves appear. There are two popular forms of the plant, one an upright form (Forysthia vireoides) and the other a drooping plant (Forysthia pendula).

The plants are perfectly hardy and will adapt themselves to almost any kind of garden soil. The upright form is very well adapted for borders, for masses, hedges or along walks. The drooping variety is an exceptionally graceful plant and can be used as a climber and also in the open shrubbery border where it assumes the appearance of a weeping shrub. It is useful for covering walls, fences, arbors or porches.

Carolina Allspice.
The sweet shrub, so called from the fragrance of its leaves and flowers, is a member of a small family of North American plants known botanically as Calycanthus. It is a slow growing plant, and succeeds best in partially protected places and moist ground, but quite readily adapts itself to other conditions.

Calycanthus floridus is a species forming a small, compact bush four to six feet high with deep blue flowers which appear early in the spring and last well into the summer. Calycanthus and C. levigatus are not markedly different for practical purposes, but C. occidentalis, a native of California, is more vigorous in growth than the others and has larger leaves.

So It Is Alleged.

After you have complimented a woman on her youthful appearance and her beauty and praised her children it doesn't make much difference what you say about her husband.

The Ideal and the Real.

Every time you hear a man pooh-pooh about his son's ideal you can make a safe bet that he will marry a reality with freckles and No. 6s.

JUDICIAL ELECTION CAUSED NO SURPRISE

William Ruger's Campaign Was Most Dignified and He Thanks His Friends for Their Support.

The result of the judicial election caused very little surprise here. While the county was very strong in their desire to see Mr. Ruger elected, it was well known that Mr. Ruger was unwilling to make a lavish expenditure in an endeavor to be elected and would therefore have little chance of success, and a large number of electors consequently turned to their second choice.

Keen regret was felt here that Mr. Ruger did not make an active campaign, as it was felt that, had he done so, his chances of success would have been good. But his determination not to seek reelection if chosen at this time, and his preference to continuing his chosen profession rather than to be elected to a judicial office through active political methods and large expenditures, caused him to greatly limit the scope of his campaign.

In view of this, and the extent of the campaign carried on by Mr. Ruger and Mr. Basford, the committee in charge of Mr. Ruger's candidacy are gratified to have their candidate receive the support that was given him.

Mr. Ruger is contentedly continuing his active practice of his profession, which is the outgrowth of life-long habit, and which the campaign itself could not interrupt—he having taken no active part in his own campaign.

COUNTY BOARD HAS MANY NEW MEMBERS

As the Outcome of Tuesday's Election—Contest May Grow Out of Loss Run of Gleason and Palmer at Lima.

Separate returns of the town and county officers elected Tuesday have all been received at the courthouse with the exception of those due from Lima, Magnolia, Avon, and Union. It is known that there promised to be a contest in the town of Lima over the outcome of the balloting on N. M. Gleason and C. B. Palmer, rival candidates for chairman and supervisor. Whoever was elected was to get it by one ballot and inasmuch as this ballot was of doubtful intent, it seemed quite likely that determination by lot or an expensive contest would be the outcome. The returns appear to have been enclosed in the sealed box of ballots, contrary to instructions, and these will not be opened until Monday when the vote of the county is canvassed.

Town chairmen and members of the county board of supervisors elected were as follows: town of Beloit—John R. Jones; Bradford—W. C. Duthie; Canton—J. H. Crall in place of W. O. Howell; Clinton—S. S. Jones; Fulton—John Sherman; town of Janesville—W. E. Shoemaker; Johnson—Thomas Clark; Harmony—P. M. Rensch in place of Robert Barnes, deceased; La Prairie—W. T. Sherman; Milton—John H. Paul; Newark—B. C. Hanson; Plymouth—William Stevens in place of E. P. Smiley; Porter—Thos. E. Ford in place of Alexander White; Rock—William Miller, in place of P. Rothfeld; Spring Valley—Archie Swan, in place of J. E. Esau; Turtle—Geo. H. Crosby; Clinton village—J. A. Hughes; Milton village—W. B. Mendenhall in place of P. M. Green; Oxfordville—G. Clementson; Beloit—George H. Merrill, P. F. Livermore, Simon Smith, B. D. Treadway in place of Charles H. Kline, and J. C. McEvoy. The returns from the cities of Edgerton, Evansville, Clinton, etc., are also not on file.

TOWN OF JANESVILLE WENT WET THIS YEAR

Carried For License by a Vote of 47 to 22—Town Officers Elected.

By a vote of forty seven in favor of license and twenty two against, the town of Janesville will permit liquor to be sold within its limits during the coming year. W. E. Shoemaker was elected town chairman, W. B. Davis, town clerk, H. W. Little, town treasurer, O. D. Bracon assessor. The four La Follette delegates at large carried the town and Barnes and Wilder were named district delegates. William Ruger received the highest number of votes for justice of the supreme court.

CONFIRMED DRAINAGE PLANS FOR CENTER

Judge Grimm Also Granted Mrs. Anna Allen of Beloit a Divorce Decree This Morning.

Circuit Judge Grimm was at the courthouse for a short time this morning and confirmed the preliminary report of the town of Center drainage ditch commissioners and directed them to go ahead with the procedure, according to the statutes. After hearing the evidence, the court granted the petition from Mrs. Anna Allen of Beloit for a decree of divorce from William F. Allen on grounds of cruel and inhuman treatment and non-support. Judge Grimm went to Monroe at noon and will return to Janesville on Monday to take up a number of court cases.

BROOKLYN VISITED BY ANOTHER BLAZE

Hardware Store and Opera-house in Dane County Are Totally Destroyed.

Brooklyn, Wis., April 9.—Fire in the new cement block building, occupied by Evans & Asmus, hardware dealers, caused a loss of nearly \$15,000. The fire broke out at 11 o'clock last night. Heretofore work by the volunteer fire department saved neighboring property from destruction. The building cost \$3,000 and the stock of Evans & Asmus is valued at \$5,000. There was \$6,000 insurance on the building and the stock was also fully insured. The Wisconsin Life Insurance company of Madison has a \$5,000 mortgage on the building. The store was formerly occupied by Lynch brothers, who are now in bankruptcy proceedings. Slight damage was done to neighboring buildings, among them a store building owned by the Pauerbach Brewing company of Madison, and the New Mercantile store, which was completely destroyed by fire a year ago and recently rebuilt. The opera hall was over the hardware store. The village marshal smelled smoke, gained an entrance by breaking through a window and found the basement full of smoke and a small fire in the furnace. The marshal declared the fire is not of incendiary origin, but the manner of its starting is a mystery. This is the fourth fire here within the last five years. The Madison fire department was summoned but did not come, as the fire was controlled before help could arrive.

Call Also Sent Here

About half-past twelve o'clock the long distance telephone operator here received a message from some unknown party at Brooklyn asking the Janesville fire department to send its engine. The message was conveyed to Chief Klein and in order to be in readiness for some authoritative call, he had the engine placed on a track and applied on board. Further efforts to get into communication with Brooklyn proved unavailing until about one o'clock when one of the local train dispatchers succeeded in getting a reply to his query. It was stated in this reply that the services of the local department would not be needed.

SEEK CRAZY MAN IN EVANSVILLE SWAMP

Sheriff Fisher and Constable Dullin Go to Evansville For Wanted Man.

Sheriff Fisher and Constable Dullin arrived with a warrant left this morning for the town of Center, to look for a man by the name of Herman Topp. For several months Topp has been acting queer, and of late has been hiding in the marsh and carrying a gun. In buying some stock recently he is alleged to have forged several checks. When Sheriff Fisher went to the farm yesterday he was informed that the father of the man in question had been in the marsh with a gun and probably hunting. There is no doubt but that the man is crazy but the officers may have a hard time getting him since he is armed and is also a six footer.

MONROE RETURNS ON ELECTION RESULTS

Dashford Carries Green County For Judgeship—La Follette Delegates Are Named.

[SPECIAL TO THE GAZETTE.]
Monroe, April 9.—Complete returns from Green county show that Dashford carried Green county by a vote of 1273 to Barnes' 985 and Ruger's 235. On the republican state delegation at large Dashford received 581, Cooper 120, Bates 469, Fairchild 487, Homestead 378, Peterson 829, Stephenson 850, Wilder 493. In the district delegation Barnes had 518, Martin 742, Nelson 365 and Wilder 631.

CREW DISMANTLING PEMBER WAREHOUSE

Structure Which Collapsed on Monday Will Have to Be Entirely Rebuilt at a Cost of \$3,000.

Pember Brothers' leaf tobacco warehouse building on North Franklin street, the north wall of which collapsed Monday afternoon as the result of excavations made too near the foundations and the 3000-pound weight of the 200 cases of tobacco

VIEW OF BUILDING AFTER THE WALLS FELL.

stored there, is being rapidly dismantled by a wrecking crew in charge of Contractor Eugene Fish. The entire building will be torn down and rebuilt, as the south section was pulled out of plumb by the strain. Some of the brick may be used again but the hemlock flooring and supports will have to be entirely replaced. Dr. J. P. Pember is the owner of the building and his brothers, Walter and William Pember, are associated with him in the firm. The loss will approximate \$3,000.

SOUTH JANESVILLE HOTEL READY MAY 1

With That End in View, Plastering and Interior Finishing Work is Being Rushed.

Plastering and interior finishing work in the South Janesville Improvement Co.'s \$10,000 hotel near the new railroad yards is now being rushed after a long delay occasioned by unfavorable weather conditions. It is expected that the building will be ready for occupancy about May 1. Thus far no lease and manager has been secured. Town of Rock voters decided that their section of the county should be "dry," so it may be taken for granted that there will be a bar neither in the hotel nor elsewhere in that locality.

VICTOR

Only on Victor records or on the grand opera stage can you hear the wonderfully sweet and powerful voices of Caruso, Melba, Sembrich, Gounod, Scotti, Schumann-Heink and other world famous operatic stars.

But not even at the opera can you hear in one evening such a celebrated group of artists as you can hear on the Victor anywhere any time.

Upholstery Art

There's an art in the make-up of the upholstering. The points most essential to successful results are the little details of finish which produce the artistic effects.

These are hard to define, but at once noticeable. Without them all suggestion of style and comfort is lost; with them every demand is satisfied—they give the work its character.

Permit us to figure on your next order for upholstering, and give suggestions, if possible, for its betterment.

Estimates free.

Why Patton's Sun-Proof Paint is Durable

THE SECRET of the durability of Sun-Proof Paint is explained in the following:

THE BASE is zinc, white lead, and silex in scientific proportions, and not merely white lead alone.

THE OIL in which these pigments are ground is absolutely pure Linseed Oil, and there are no other ingredients except the paint pigments and the best quality of turpentine dryer. The paint contains no water or other adulterants.

THE COLORS used for tinting are the most durable, clear, bright, and the most permanent colors obtainable of their several kinds.

Ford Quality a Winner

It is quality that counts in matches or motor cars, and that quality is remembered long after price is forgotten is a time honored maxim of undoubted truth. Nobody ever made a lasting reputation on a low price unless with the price exceptional quality was combined. It was not price but quality that made Waltham Watches, known all over the world, for had they been in any way inferior, regardless of the price the public would not have taken them.

That is exactly the iron clad rule in the Ford Motor Company organization. The Mfg. Dept. has orders to make the best car that can be made, and the selling price is fixed accordingly. It tests show that the use of any method or material will improve the car then it is used. Our engineering department spends 52 weeks in every year in perfecting designs, improving detail, up building cars.

The Ford special steel Vanadium and heat treated is acknowledged by steel experts to be superior to any other steel manufactured for automobiles.

A demonstration is a revelation. Call on us any time and afford us an opportunity of showing you. We are open nights.

FACTS ON PAPER TRUST DEMANDED

HOUSE PASSES SPEAKER CANNON'S TWO RESOLUTIONS.

SESSION IS VERY STORMY

Two More Rules Adopted to Check Democratic Filibuster—Naval Bill Carrying Total of \$103,907,518 Reported.

Washington, Apr. 9.—Wednesday's session of the house will go down as one of the stormiest in its history. The sum total of the day's proceedings was the adoption of several additional rules to further check the Democratic filibuster and the passing of the two resolutions introduced by Speaker Cannon calling on the department of justice and the department of commerce and labor for certain information regarding the so-called paper trust.

After Mr. Clayton, Alabama, denounced the paper trust as a "criminal trade conspiracy" and Mr. Williams called attention to the facility with which the resolutions had been reported because they had been offered by the speaker, Mr. Payne, chairman of the committee on ways and means, got the floor.

Warm Talk by Payne. "Does any one suppose," he said, "that by the passing of a bill putting wood pulp or paper on the free list in the twinkling of an eye, you can transfer the industry from the United States to Canada or that under those circumstances the Canadian parliament will not impose an extra export duty on pulp logs?" If that were done, he inquired, "when would you get your relief? Where would you get your cheaper paper? Where in the name of common sense would you benefit anybody in this country?"

Mr. Payne said he knew there was some "cheap talk" about taxing intelligence, but he asked "why not hear this subject as intelligent men and not go into hysterics over the matter?"

Addressing the Democrats, Mr. Payne said the difficulty was that the Democrats felt there were too many votes behind the newspaper people of the country, "who under a protection which comes not from the tariff, but from localities that have a monopoly of the newspaper business of the United States, try to rush congress into the idea without investigation, without looking into the facts and without determining whether you will deprive 38,000 people of the means of livelihood and force the removal of the tax."

Naval Bill is Reported. The naval appropriation bill authorizing the construction of two instead of four battle ships and eight instead of four submarine torpedo boats, and carrying a total appropriation of \$103,907,518 for the naval service for the fiscal year ending June 30, 1909, was reported to the house Wednesday by Chairman Foss of the committee on naval affairs.

The total appropriation recommended is \$25,518,531 less than the aggregate estimates submitted by the department, and \$2,003,916 more than the amount appropriated for the fiscal year ending June 30, 1908.

The bill carries an item of \$1,000,000 toward the construction of submarine torpedo boats and an item of \$445,000 toward the construction of submarine torpedo boats. Provision is made for the enlistment of 6,000 men to man the following ships which are to be put in commission within the next few months: The California, Mississippi, Idaho, New Hampshire, South Dakota, North Carolina, Montana, Chester, Hiramsham and Salem; and for 1,600 men required to man torpedo boats not now in commission.

Ocean Mail Bill Tabled. By a vote of eight to seven the house committee on post offices and post roads virtually tabled the ocean mail subsidy bill.

The bill as introduced in the house raised second class mail vessels—carrying United States mails to South America, the Philippines, Japan, China and Australia—to the schedule of pay for first class vessels, an increase from two to four dollars per mile. The bill passed by the senate similarly raised the pay for second class and third class vessels, an extreme increase from one to four dollars. In the house committee after vigorous debate a motion to substitute the house bill for the senate bill failed by the vote stated. It is now understood that the committee will take no further action on either bill.

Boys Smothered in Wheat Bin. Pana, Ill., Apr. 9.—Floyd Grounds, 14 years old, and Frank Wilburn, 18 years old, were smothered to death in a wheat bin at Dunkle Wednesday. The boys were playing in the elevator and jumped into the bin. They immediately sank down into the grain.

Army Officer's Suicide. San Francisco, Apr. 9.—First Lieut. David A. Lindsey, U. S. A., signal corps, shot and instantly killed himself in his quarters at the Presidio Wednesday afternoon. He had destroyed all his personal papers, and no cause is known for his act.

Brutal Murder in Wisconsin. Washburn, Wis., Apr. 9.—John Hall, 70 years old, the father-in-law of former Senator J. J. McMillin, was brutally murdered in his home, 12 miles from Washburn.

Cause of Mutton's Woolly Taste. The woolly taste in mutton is said to be due to slow dressing the carcass.

REPRESENTATIVE G. J. DIEKEMA OF MICHIGAN.

Washington, D. C., April 9.—Representative G. J. Diekema had a taste of the big stick when he called upon the president a few days ago. The president's caustic remarks were called forth because of Diekema's attitude on the sub-judiciary committee, which censured Judge Willey. The president's attitude was that Judge Willey, having been cleared, it would have a bad political effect in Shanghai to bring censure on the judge. Diekema stated he was on the judiciary committee and had nothing to do with the political effect.

This incident called forth the ire of the minority leader, John Sharp Williams, on the floor of the house. He went at great length into the disastrous effect of the president using his power to criticize or censure a representative, Mr. Diekema, who is a staunch friend of the president's although they differ on this point, stating that he had not been called to the White House for the purpose of being criticized, that the president had the perfect right to debate the question with him, as he had the right to defend his action. The president showed no attempt at coercion. Mr. Diekema is receiving the congratulations of his friends at Washington and in his home state both for his attitude toward President Roosevelt and for his courage in defending himself and the president in this charge, which might have led to complications involving the president and the minority.

MODEST ACTRESS VINDICATED.

Discharged for Refusing to Wear Tights, She Wins Suit.

New York, Apr. 9.—A verdict of \$4,700 was awarded by a jury in the supreme court Wednesday to an actress who was discharged by a theatrical manager because she refused to appear on the stage in tights. The plaintiff was Henrietta Lee Morrison, who is known on the stage as Henrietta Lee, and the defendant is Hurlitz & Seaton, proprietors of a Harlem burlesque theater.

Miss Lee and her husband, Charles P. Morrison, were engaged by Hurlitz & Seaton for a season in a musical comedy under a contract which provided that they were to receive \$3,950. At the end of three months the manager directed Miss Lee to make certain changes in her costume which would necessitate her appearance on the stage in tights. When she refused, she and her husband were discharged, and brought suit for breach of contract.

Langdon Smith is Dead. New York, Apr. 9.—Langdon Smith, newspaper man, war correspondent and one of the best-known special writers at New York, died Wednesday night of malignant erysipelas, at his home in Brooklyn, aged 50 years. More than a score of years ago Mr. Smith was known as one of the most expert telegraphers in the world. Among telegraphers he was known from California to New York as "Dover" Smith. As a poet, Mr. Smith's best-known verses are "Hawaii McCall" and "Evolution."

Heaven. In the philosophy of some men heaven is nothing but a place where everybody will be able to buy cheap and sell high.

\$5,000 Reward

Will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether, chloroform, heroin, alpha and beta eucaine, cannabis indica, or chloral hydrate or any of their derivatives, in any of Dr. Miles' Remedies. This applies to goods in original packages, unopened, and not tampered with. Certain unscrupulous persons are making false statements about these remedies.

"I have been troubled with a terrible headache for the last ten years. The doctors could do me no good. I saw Dr. Miles' Anti-Pain Pills advertised in the Sunday magazine, so I thought I would try a sample. I did so, and they helped me wonderfully. I had headaches so badly I could hardly see to work, so I sent to the drug store and got a box. In a couple of hours I was all right. It was the first medicine to do me any good."

A. A. H. L. A. Philadelphia, Pa.
5362 Locust Street.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.
Miles Medical Co., Elkhart, Ind.

BAD MATRIMONIAL TANGLE

PENNSYLVANIAN CHARGED WITH BIGAMY AND PERJURY.

Divorced by Mistake from the Wrong Woman, He Married Sweetheart of Younger Days.

Pittsburg, Pa., Apr. 9.—Calvin S. Wright, a baker of Jeannette, Pa., near here, believing that the courts of South Dakota had given him the right to do so, about a year ago married Miss Anna C. O'Donnell of this city, a sweetheart of his younger days, but it develops that an error was made by the western court which divorced him from the wrong woman, and now he must stand trial in criminal court on charges of bigamy and perjury.

His first wife, Mrs. Sophia Wright, better known as Mrs. Ida Wright, is back of the prosecution. Wright and his first wife were married in Butler, Pa., about 12 years ago, after he had quarreled with Miss O'Donnell, and they lived happily for a time. About 18 months ago Wright disappeared and was next heard of in South Dakota. Mrs. Wright finally learned he had been granted a divorce at Elk Point, the record showing that a Pittsburg deputy sheriff had served summons on Mrs. Ida Wright as defendant.

The wife, it is alleged, learned that the summons had been served upon a woman here who had informed the sheriff that she was Ida Wright and that she had been expecting his call. The wife not having been summoned or otherwise given notice, the Dakota divorce, it is claimed, is null and void and the second marriage bigamous. The perjury charge is based upon alleged statements made in securing the second marriage license.

BRAVE SHERIFF'S DAUGHTER.

Murphysboro Girl Prevents Escape of Prisoners from Jail.

Murphysboro, Ill., Apr. 9.—Miss Zera Hanson, 17 years old, daughter of Sheriff Sylvester Hanson, interrupted a jail delivery during a storm early Wednesday. She was awakened by the storm and, glancing out of the window, was surprised to see prisoners climbing down past her window as they escaped from jail.

Bravely she seized the feet of a man and held on while she screamed to her parents. Her mother went to her assistance and held to the prisoner while Sheriff Hanson rushed into the cell room and prevented seven prisoners from leaving. Six prisoners had effected their escape through a window from which a bar had been pried. Four of the fugitives are negroes.

Carbondale, Ill., Apr. 9.—John Bowman (white), one of the prisoners who escaped from the Murphysboro jail, was captured here.

SANTA FE REFUNDS ADMITTED.

Edward Chambers Testifies to Truth of President's Charges.

Los Angeles, Cal., Apr. 9.—That the Santa Fe Railroad company gave refunds amounting to almost \$38,000 to the Associated Oil company last summer on freight paid for shipments of oil in 1905 was admitted Wednesday by Edward Chambers, assistant freight traffic manager of the road, in the hearing before the state railroad commission.

This is the refund referred to in a message by President Roosevelt to congress last January, in which the president quoted a portion of Mr. Chambers' letter authorizing a refund.

To Investigate Grazing Question.

Washington, Apr. 9.—In order to reach a satisfactory agreement in regard to the proposed prohibition of grazing on the banks of streams supplying the various irrigation systems in the west, a joint investigation will be conducted by the departments of the interior and agriculture. The irrigators and officials of the reclamation service desire to restrict grazing on the watersheds which affect the irrigation of farm lands, while the stockmen have vigorously opposed such restriction.

"Drys" Charge Fraud at Polls.

Kalamazoo, Mich., Apr. 9.—The national forces have decided to contest the local option election in Cass county. Rev. John Walker of Dowagiac, who will make the protest, says that a number of men in Dowagiac received from \$1 to \$15 for their votes and also that members of a paving gang there, not legally entitled to vote, cast their ballots against local option. It is also said that a gang of 30 negroes from the northern part of the city were driven to Silver Creek town hall and voted.

Vaudeville Men Elect Officers.

Springfield, O., Apr. 9.—Members of the National Vaudeville Managers' association from Ohio, Indiana, Pennsylvania, West Virginia, Maryland and Kentucky met here in annual session Wednesday. The new officers elected are: President, J. E. McCarthy, Hamilton, O.; vice-president, William McShaffer, Monaca, Pa.; second vice-president, H. S. Vall, Marion, O.; secretary, George C. Shaffer, Wheeling, W. Va.; treasurer, G. Murray, Richmond, Ind.

Electric Car Kills Five.

Chicago, Apr. 9.—Four women were instantly killed and one man fatally injured when a west-bound Aurora, Elgin and Chicago electric car struck a carriage two miles west of Maywood, a suburb, Wednesday afternoon. The man, who was driver of the carriage, died four hours later in the Maywood Union hospital without recovering consciousness.

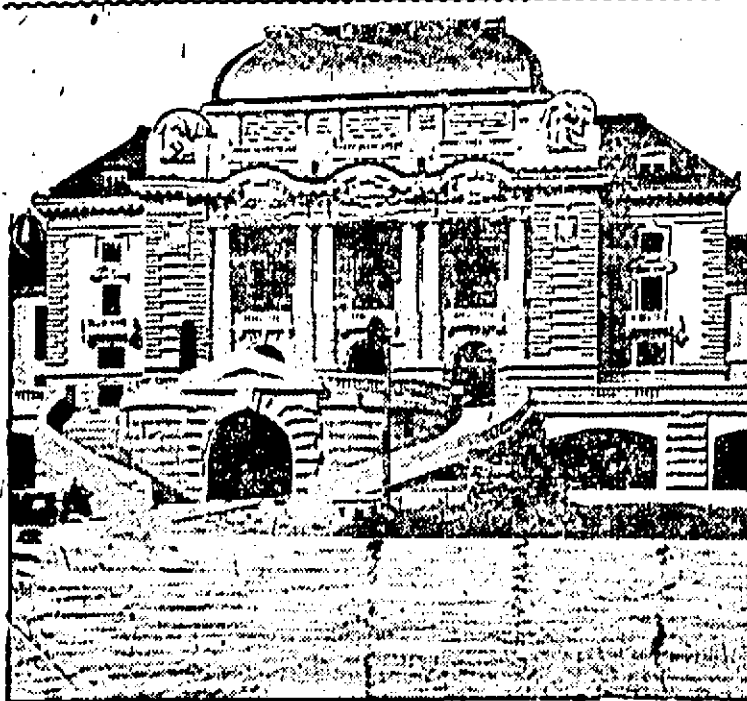

Shortest European People.

Laplanners are the shortest people in Europe, the men averaging four feet 11 inches, the women four feet nine inches.

ATTORNEY GENERAL JACKSON IN HIS PRIVATE OFFICE IN THE NEW YORK STATE CAPITOL.

Attorney General Jackson is one of the prominent figures in current political and public service. He is the most brilliant, most active and the most energetic attorney general which any state in the Union can boast.

BANCROFT HALL, ONE OF THE NEW BUILDINGS OF THE UNITED STATES NAVAL ACADEMY AT ANNAPOLIS.

Uncle Sam may well be proud of his naval academy at Annapolis. The new home which congress has provided at Annapolis at a cost of more than \$10,000,000, has been under construction for eight years. The group of monumental buildings that has been provided is not only distinctly notable from an architectural standpoint, but superior to any other similar group of learning in the world. The buildings occupy an ideal site on the right bank of the Severn River at its point of junction with Chesapeake bay. Three general groups. These clusters of buildings have three sides of the campus which are bounded on the fourth side by the Severn. On the right of the campus is Bancroft hall, named for the founder of the academy.

The designs of the individual buildings as well as the plans for the grouping, landscape architecture, etc., were all prepared by Architect Ernest Flagg, and are considered his most creditable achievement. Especially notable is the \$100,000 chapel, which is to serve as a memorial to the fallen heroes of the navy, and constitutes the architectural key-note of the new academy. The chapel is in outline somewhat suggestive of a Grecian cross, the main floor being in the form of a circle 83 feet in diameter, while on either side are transepts, or wings. The skeleton of the chapel is of iron, concrete, and in its mass as the dome rises to a height of 210 feet, this is, from a technical standpoint, a remarkable piece of construction.

Bancroft hall, which cost \$3,000,000, is one of the largest buildings in America, having a length of more than 10,000 feet fully 300 feet in excess of the capital at Washington and rising to a height of six stories. The academy contains 100 class rooms and is the largest building in the United States, if not in the world, devoted to educational purposes. Immediately in the rear is the marine engineering building, a two-story structure 200 by 400 feet in size. As an annex to this there is a model machine, boiler and blacksmith shop, with large quantities of glass, which affords ideal facilities for practical work in the study of the various branches of engineering science.

Clemson College Boys Expelled. Clemson College, S. C., Apr. 9.—Two hundred and fifty-seven students of Clemson college were dismissed from the institution Wednesday. This number, with the 49 members of the Junior class dismissed on Saturday, aggregates 306 dismissals, on account of the All-Fools day escapade, when 399 cadets absented themselves from the campus, drills and classes.

Fatal Automobile Accident.

Yonkers, N. Y., Apr. 9.—Edward J. Downing, proprietor of the Hotel Alhambra of Irvington, was instantly killed in a collision between an automobile in which he was riding, and a trolley car in this city Wednesday night.

New President of Butler College.

Indianapolis, Ind., Apr. 9.—Thomas C. Howe, dean of the faculty of Butler college, was elected president of the institution by the board of trustees Wednesday afternoon.

Bad Fire in Richmond, Ind.

Richmond, Ind., Apr. 9.—Fire in the Colonial building, late Wednesday night, which is one of the principal office structures in town, caused a loss of \$75,000.

Renominated for Congress.

Lexington, Ky., Apr. 9.—The Republican congressional convention of the Ninth district Wednesday nominated Joseph B. Bennett for congress to succeed himself.

Professional Superiority.

The radiant type of golf enthusiast is exemplified in the roster of a St. Andrews caddie in the university professor: "Anybody can teach a whom loons lath and Greek, but gowf, yo see, gowf requires a heid."

Youth Ever-Fleeing. Ovid: Age glides stealthily on and beguiles us as it flies.

We Know How

Please learn what a difference there is in baked beans, and what makes it

First the beans. We pay \$2.10 per bushel for ours, to get the choicest Michigan beans. Some sell for 30 cents. We get only the whitest, the plumpest, the fullest-grown. Then the tomato sauce. We could buy sauce ready made for exactly one-fifth what ours costs to make. But we use only vine-ripened tomatoes.

We have spent 47 years in learning how best to prepare these beans

We cook in live steam, so the beans are not browned, not broken. They are baked until meaty, yet they are nutty. Our ovens are heated to 245 degrees, so the fibre is broken down, and the beans are digestible. The beans, the tomato sauce and the pork are all baked together. Thus we get our delicious blend.

Van Camp's pork and beans baked with tomato sauce

Compare them with home-cooked beans. Home beans are heavy and hard to digest, because you lack the facilities to apply the needed heat. Some are baked to a crisp; some are less than half baked. And if you ever compare Van Camp's with other brands you will see why we advertise.

Beans are 84 per cent nutriment. They are Nature's choicest food

Beans form one of the cheapest foods, compared with their food value. And one of the very best. Then why not serve the best beans, so that your people will want them more frequently? And why not carry a dozen cans in the house? Then you have a hearty, delicious meal always ready.

10, 15 and 20¢ per can.

Van Camp Packing Company, Indianapolis, Ind.

BRAINS ARE TRUMPS

In a game of cards trumps win. In the great game of life, brains win. The demand today is for ability, for trained minds. The man who knows how to do things, to direct the work of others, never has to look for a job. The job looks for him. Responsible positions are open all the time, open to you as well as to anyone else. What are you doing to prepare yourself to fill one of them within the next six months or year?

The International Correspondence School have created the method whereby any man can be an expert in the work he prefers. This method is adapted to the requirements of the working men and women who are held down to low wages and see nothing in the future but monotonous toil. Do not put this off any longer, but mail a card today stating the occupation you wish to rise in to the

International Correspondence School,
Scranton, Pa.

Or call on our local representative, JAS. H. PETERSON, 8 Milw. St.

LIGHT UP!

Your show windows are what the interior of your store is judged by. Keep them bright and you will be kept busy. In the evening when people have leisure time for looking around, your windows will be a silent salesman for you if they are lit up. Electricity is the only safe, proper window illuminant.

Total for month, 17,423; Total for year, 174,230.

This is a correct report of the circulation of the Janesville Daily and Semi-Weekly Gazette for March, 1908.

Subscribed and sworn to before me this 11th day of April, 1908.

JENNIE L. KENDALL, Notary Public.

My commission expires Feb. 11, 1911.

TARIFF REVISION

That there is a growing demand for tariff revision is apparent to the most casual observer. The fact is well established that some lines of American industries have been fostered by protection, until they have emerged from infantile helplessness to full-fledged and burdensome monopolies.

The protective tariff is a republican measure, and in keeping with the principles and policies of that great party. It was established for a purpose and its twofold mission was to encourage American industries and protect American labor from the hardships of competing with the half-paid labor of the old world.

The schedule adopted was so high, in many cases, as to prohibit foreign competition, and so, for the past ten years, the United States has practically been fenced in by protection. Capital has found profitable investment, and labor steady employment at wages never before paid in any country.

The Standard Oil company and the sugar combine are the two trusts which have become familiar through wholesale criticism, and cleverly based on that account, but the fact is overlooked that the product of these two great corporations, has maintained a practically uniform price for the past 20 years, while many other lines of manufactured goods have steadily advanced and largely on account of combines which have resulted in monopoly.

Thread, silk, prints, paper and an endless variety of manufactured goods, as staple as sugar and oil, are victims today of monopolies. This concentration of capital and effort has lessened the cost of production, and the burden of advanced prices has become so heavy that the feeling prevails among the large army of consumers, that a high protective tariff is no longer necessary.

The manufacturers themselves have at last come to realize that something must be done to meet this popular demand for tariff revision and so a plan has been suggested by the manufacturers' association, an organization which takes in practically all of the manufacturers in the country.

This plan is to have the present congress pass a law creating a permanent non-partisan commission, to be appointed by the president, whose duty it shall be to thoroughly investigate conditions and recommend to congress in their measures which will result in a fair and equitable revision.

This is a move in the right direction, as it is the only plan that can be worked out in justice to all concerned. In connection with this plan it will be gratifying to the friends of Senator La Follette to know that he grasped the situation at a glance, and came to the front with a bill in the senate, a few days ago, providing in detail for this commission, and this bill has received the hearty endorsement of the Manufacturers' association.

Follette admire his shrewdness as a politician. Lacking the prestige of seniority, he has improved the session to make himself popular with labor and now comes to the front as the champion of the manufacturers. His foresight seems to be no good as the hindsight of a lot of his associates. In the senate, tariff revision is bound to come, and the republican party can not afford to ignore popular demand. If the present congress provides the commission it will be a start in the right direction, and will satisfy the clamor for something to be done.

Ten thousand men are idle in Hammond and their families are suffering for bread. This great manufacturing center, just south of Chicago, is largely dependent upon the railroads for business, as it is a great railway supply district, but the railroads are idle, and nothing is being bought in the way of new equipment. It may be gratifying to know that these unrighteous corporations have been reformed, but that is a poor substitute for food.

The man who sold the Masonic Temple for \$500, secured another victim for \$750,000, the other day, by selling him the bar privileges at the Y. M. C. A. building in Chicago. When the young man who furnished the money presented his order for possession, there was a surprise party all around. He possessed a gold brick in the form of a title to the bar privileges of the "West Side Young Men's Chowder Association."

The law and order movement swept out of existence 2000 saloons in Illinois last Tuesday, the most of them in towns and villages where sentiment will be strong enough to keep them out. The American saloon has had far warning to which it has given but little heed. The American people have decided that it will not reform, therefore it must go, and the will of the people is supreme.

The fact is generally recognized that while prohibition does not prohibit, that it does prevent to large extent. Drinking is a social habit and a man never goes away to drink by himself until he becomes a confirmed habitué. The blind pig offers but few attractions compared to the modern saloon, and will never be a popular resort for social drinking.

The 53 saloons in Rockford will retire from business July first, but it remains to be seen whether the sentiment which voted them out, is strong enough and courageous enough to prevent their places being filled by lawless dealers. It is to be hoped that the law will be strictly enforced.

All sorts of scandals, connected with state institutions, are disturbing the people of Illinois. If the state will adopt the Wisconsin plan, and create a board of control, good results will follow. It is the best plan yet devised for caring for the dependent classes.

The ship campaign planned by Mayor Becker of Milwaukee will be a novelty. If he fails to land in the governor's chair at Madison, he will have the satisfaction of knowing that he disturbed the atmosphere.

The city of Manitowish is to be congratulated on redeeming itself from specialistic rule.

They

Why don't they keep the streets a little cleaner? You ask with keen annoyance not undue.

Why don't they keep the parks a little greener? (Did you ever stop to think that "they" means you?)

How long will they permit this graft and stealing? Why don't they see that courts are clean and true? Why will they wink at crooked public dealing? (Did you ever stop to think that "they" means you?)

Holy Wells of Ireland. Everywhere in Ireland are the holy wells. People as they pray by them make little piles of stones that will be counted at the last day and the prayers reckoned up, or so it is believed.

Seeking the Elusive. It is the dim haze of mystery that adds enchantment to pursuit. —Rivarol.

Again the Practical Joke.

A volatile bartender of Rochester, N. Y., noting that a patron, Edwin Barrett, slept soundly in the saloon, heated a copper coin until it had reached the white stage and then deposited it on the knee of the slumbering one. The joke was entirely successful, as the coin burned the flesh, caused blood poisoning and necessitated the amputation of Mr. Barrett's leg above the knee.

Left Uncle Thinking.

"Willie," said the infant's mother, agitated by the sudden appearance of a rich relative, "Willie, dear, kiss your Uncle John, and then go and wash your face at once."

JUST HANKERING FOR IMBROGLIO

"WHO'S WHO?" BUG HAS STUNG AT LEAST ONE ALDERMAN.

COUNCIL SESSION TONIGHT

Called for the Purpose of Canvassing Tuesday's Returns and Electing a City Marshal.

Called, signed by eight of the aldermen, were issued this afternoon for a special meeting of the city council to be held at half-past seven o'clock this evening for the avowed purpose of canvassing the election returns and electing a city marshal. In the words of one of the city fathers, "We haven't had any excitement for a long time and we might as well carry this thing up to the supreme court and find out who's got the authority to elect a city marshal—the council or the fire and police commission." Whatever there may be to this

movement is based on City Attorney Maxfield's intimation that though he does not care to assume the prerogative of a supreme tribunal, in his private opinion the law delegating the power of electing the marshal to the commission is unconstitutional; and on the assumption, which seems thus far not very well established, that there are other lawyers of standing in the city who fully concur in this opinion. City Marshal George Appleby, it is to be presumed, will hold his ground whatever the council's action may be, and if another man is appointed by the aldermen tonight, the city will have two heads of the police force tomorrow morning—one de facto and the other a claimant. While the question of the claimant's rights is being taken, at a large expense to the city, before the supreme court, local police jurisdiction will have an opportunity to become pretty thoroughly demoralized.

CURRENT ITEMS.

Use Taylor's Solvay coils. All the latest and newest patterns in wall paper at prices below them all. J. H. Myers.

WANTED—At once, at Gazette office, clean, good sized, cotton rag for wiping machinery.

Union Label Lecture: Under the auspices of the Boot & Shoe Workers' International union and the Trades Council of Janesville, Organizer I. C. McJannet delivered a lecture on union labels at the Y. M. C. A. auditorium last evening. The entertainment included some excellent moving pictures and colored slides of the various labels; and there was a large attendance.

Addressed School: President D. W. Daland of Milton College spoke to the students of the high school during the opening exercises this morning. His subject was the likeness of the languages of the Aryan races of the world. He gave a very interesting talk and one appreciated by the students.

MISS ROSE HATHORN WEDDED AT TWELVE

To the Rev. D. H. Hayden of Buffalo Ceremony at Home of Laban Fisher.

At twelve o'clock this noon Miss Rose Hathorn and Rev. D. H. Hayden of Buffalo, New York, were married by the Rev. R. M. Vaughan at the home of Mr. and Mrs. Laban Fisher on Milton avenue.

The ceremony was performed at high noon and was witnessed only by relatives and a few close friends. The happy couple left at three o'clock for Chicago and after their wedding trip will make their home in Buffalo, where the groom is the pastor of the Forest Avenue Christian church.

Miss Hathorn has been acting as librarian of the children's department in the public library and has also been prominent in the work of the Baptist church, the Sunday school of which last Sunday presented her with a set of solid silver knives. Her many friends extend their congratulations and offer their best wishes for the future happiness of Rev. and Mrs. Hayden.

PERSONAL MENTION.

Grant Fisher is registered at a Milwaukee hotel.
A. Anderson is in Milwaukee.
H. A. Holland is a Milwaukee visitor.

Tris Morgan is in Milwaukee.
Atty. J. J. Cunningham went to Waukesha today on business.

MRS. MARY MOHR HAS APPEARED ON SCENE

At Chippewa Falls Attempted to Secure Custody of Adopted Child—Was in Jail Here Last Spring.

Dispatches from Chippewa Falls announce that Mrs. Mary Mohr, who is commonly known as Mrs. Chadwick No. 2, because she succeeded with ease in mortgaging her farm some years ago to a dozen different parties for amounts aggregating ten times its value and also getting money by other swindling means, is there trying to get possession of her adopted son, who was taken from her when she was sentenced to the Rock county jail a year ago for obtaining money under false pretense from a party in Beloit. The boy is now in Bloomer and the family with whom he resides refuses to give him up unless compelled to by the courts. Mrs. Mohr intends to employ an attorney in an endeavor to get the boy.

BICYCLE THIEF IS AT WORK IN CITY

Bradley Conrad's Wheel Stolen from Vicinity of M. G. Jeffris Residence.

This morning the police received notice of the first theft of a bicycle for the season. Just before dusk last evening Bradley Conrad, a son of William Conrad, left his wheel standing near the M. G. Jeffris residence on St. Lawrence avenue and East street only to find it gone a few moments later when he returned for it.

HAITIENS PLANNING FOR INTERVENTION

OPPONENTS OF GOVERNMENT WANT AMERICA TO STEP IN.

CRISIS MAY COME SOON

Better Class of Citizens Think Present Regime is Intolerable and Cannot Continue Much Longer.

Port-au-Prince, Apr. 8.—There is reason to believe that measures are now being taken in this city to force the intervention of the United States if possible. At the moment, apparent tranquility prevails, but there is good authority for the statement that hostility against the present Haitian government is growing more intense.

It is rumored, and the rumor is a very general one, that those who are opposed to the present government, including the better classes of Haitians, contemplate a movement which will bring matters to a crisis within a very short time. It is said that they will take advantage of the presence in the harbor of the United States warships to make an armed demonstration, not in the expectation of overthrowing the government, but in the hope of precipitating a landing of marines, and subsequently American intervention.

Intervention or Anarchy. A prominent Haitian official, who is highly esteemed in the foreign colony, said Wednesday:

"At present conditions here are intolerable and it is impossible that they can continue beyond a few days. Prompt intervention on the part of the United States, or some other power, is the only means of avoiding a condition of absolute anarchy."

"The Haitian people are not able to maintain a stable government. The better educated of them realize this, and they would gladly accept provisional American control, if only as a guaranty of protection of life and property. I do not believe that there exists a single Haitian capable of exercising constitutional control as president. The present government is merely a military dictatorship, perpetuating its power through sheer terrorism."

Haitian Plotter Convicted.

New York, Apr. 8.—Joseph M. Glordani, an agent in this country of the French revolutionary party which recently sought to obtain control of the government of the island of Haiti, was convicted Wednesday by a federal jury of having spurious money in his possession. Sentence will be imposed next Tuesday. Glordani was accused of having taken part in the printing in New York of \$700,000 worth of currency which the party with which he was connected intended to use in Haiti to finance its revolution.

Charles Quarles Dies Suddenly. Milwaukee, Apr. 8.—Charles Quarles, one of the best known attorneys in the state, died suddenly Wednesday night of heart disease. He was a brother of former United States Senator Quarles, now United States judge, of this city. He had figured in several recent notable cases, assisting in the dissolution of the General Paper company, in the government's anti-trust suit, and in re-estate cases.

Buffalo Banker Is Dead. Santa Barbara, Cal., Apr. 8.—Edward H. Spalding, the Buffalo banker who was thrown from his buggy near this city on Saturday, died Wednesday night without having regained consciousness.

Abruzzi Wedding in September. Turin, Apr. 8.—The duke of the Abruzzi arrived here Wednesday from Spoleto. It is reported that his marriage with Miss Elkins will take place in September.

CANADIAN OFFICIAL ARRESTED.

American Immigrant Officer Takes Son of Mayor Prisoner.

Winnipeg, Man., Apr. 8.—Herbert Wright, a Canadian customs officer at Emerson, Man., was arrested at Noyes, Minn., Wednesday at the point of a revolver by a United States immigrant officer, on a charge of having smuggled into the United States May French, who had been denied admission to the United States two weeks ago.

Wright is a son of Mayor Wright of Emerson. He was taken to Crookston, Minn., for trial. There is much bitter feeling between the officials of the two governments at Emerson and Noyes.

Society of the Cincinnati Meets. Charleston, S. C., Apr. 8.—The triennial convention of the General Society of the Cincinnati began here Wednesday. Winslow Warren of Massachusetts presided. All state societies were represented. The French ambassador, Mr. Jusserand, came to attend the banquet given by the South Carolina society of the Cincinnati to the visitors.

Soldiers Killed in Lisbon. Lisbon, Apr. 8.—Two soldiers were assassinated Wednesday while standing near the Necessidades palace. The soldiers, who wore civilian clothes, were shot and killed by a small group of men who suddenly sprang at them with drawn revolvers. By the time the police reached the scene the assassins had escaped.

Secrets of Popularity. Two secrets of popularity are keep a cheerful courage burning and say nothing but pleasant things about people or say nothing at all.

CONDENSED SPECIALS.

M. A. Johnson, a bank cashier at Staughton, Wis., committed suicide by inhaling gas.

Knute Olmstead of St. Paul, Minn., starved himself to death in an attempt to fast 40 days.

The American government has accepted the invitation of New Zealand for the American battleship fleet to visit Auckland.

Archbishop Ryan announced that a \$100,000 gift had been made by a woman, believed to be Mrs. Frederic Canfield Penfold, for the proposed Catholic High School for Girls in Philadelphia.

Public and private funeral services were held in Washington over the body of the late, Durham White Stevens, adviser to the Korean government, who was killed by a Korean in San Francisco.

President Roosevelt made public his letter of April 2 to the attorney general directing proceedings by injunction to compel certain railroads of the south to furnish equal accommodations to white and negro passengers.

A rumor that a big public school in the Italian section of Newark, N. J., was burned by black hand blackmailers as an act of revenge for failure of parents of pupils to pay tribute resulted in a panic in which two children were injured.

Perils in Australian Waters. The pearl is the best known of Australian gems, and for many years thousands of dollars' worth have been secured in Queensland. The oyster fisheries of Thursday Island have been the chief source of supply, but pearls are found all along the Queensland coast.

Popular Demand for Novels. Nine out of every ten books published are novels.

Thieving Policeman Sentenced. Philadelphia, Apr. 8.—Quick Justice was meted out here Wednesday to the four policemen who were arrested on Saturday for robbing stores and warehouses on the boats which they patrolled in the wholesale district. Having been indicted early in the day, the accused pleaded guilty before Judge Kinney and were sentenced to serve seven years each in the Eastern penitentiary.

Shoots Bride; Kills Himself. New York, Apr. 8.—Without warning and apparent motive, Albert Helser, a baker, drew a revolver at the dinner table Wednesday night, fired two shots at his young bride and then killed himself by sending a bullet through his brain, at their home on Lexington avenue. Mrs. Helser, who was twice wounded in the body, is not expected to recover.

Jack London Resumes Cruise. San Francisco, Apr. 8.—Jack London and Mrs. London have resumed their world's cruise on the yacht Snark. When the steamer Mariposa, which arrived here Wednesday, left Papeto, on the island of Tahiti, on March 25, the Snark followed her out of the harbor and set out for the island of Morua, in the Pomotu group.

Incidents for Penance. Greensboro, N. C., Apr. 8.—The grand jury of the federal court, now in session here, returned true bills charging penance against J. W. Prin of Mecklenburg county, a cotton mill man, and also against seven persons connected with the construction of a railroad in McDowell and Mitchell counties.

At Last. "At last," murmured one plugged dollar to another, as old Scrooge worked them off on an unsuspecting borrower, "at last we are a loan!"—Illustrated Sunday Magazine.

BOY MURDERS HIS MOTHER

SHOCKING CRIME OF BERNARD CARLIN OF BROOKLYN.

Shoots Parent to Death Because She Sent Him to Various Reformatory Institutions.

New York, Apr. 8.—Because his mother, Susan Carlin, had sent him to various reformatory institutions in which he was a prisoner for many years, Bernard Carlin shot and instantly killed her Wednesday at her home in Queens street, Brooklyn.

Young Carlin had just been released from the reformatory at Nanpoch, where he served a sentence for stealing a horse and wagon. He was arrested after the shooting.

When Carlin was freed from the reformatory the superintendent gave him ten dollars for a new start in life. He arrived in Brooklyn Tuesday, bought a revolver and went Wednesday to the apartments where his mother lived with his sister, Mary. When his mother opened the door in answer to his knock, he thrust the revolver in her face and fired five bullets into her head before she sank to the floor. He then attempted to shoot his sister, but the revolver was empty. Her screams summoned a neighbor, who wrested the revolver from Carlin but the latter escaped to the street and fled. He was pursued and captured after a desperate struggle in which he severely injured one of his captors.

He told the police that he killed his mother "because she was making me do things all my life." He declared that she sent him to an orphan asylum when he was 16 months old.

Use A NEW PERFECTION Wick Blue Flame Oil Cook-Stove

Because it's clean. Because it's economical.

Because it saves time.

Because it gives best cooking results.

Free Sample Can For You

Here's a New Home-Maker

This Little Woodshiner wants to give you a Sample Can of Wood-Shine—the beautiful, new Color Varnish, that will enable you to make many old articles in your home look like new.

We realize that the best and quickest way to convince you that Wood-Shine is something that every family needs, is to let you try it in your own home at our expense.

Wood-Shine
The Varnish That Lasts

comes in fourteen different colors, and can be easily applied to any surface that needs refinishing. It produces a rich, lustrous, polished finish that will not scratch or mar—and it does this at a cost so slight that everyone can afford to use it.

A piece of furniture in one color can quickly and easily be changed to any other desired color with a coat of Wood-Shine—and it will be handsomely refinished at the same time.

That you may see for yourself exactly how Wood-Shine does these marvelous things, we will give you full directions and a

Sample Can Free

upon your calling at this store during the week of APRIL 9th TO APRIL 16th. The Little Woodshiners want to see you, but they will give Free Samples only on the days above named—so be sure to come.

Wood-Shine comes in the following colors:—Light Oak, Dark Oak, Mahogany, Transparent, Cherry, Blood, Green, Walnut, Flat White, Gloss White, Flat Black, Gloss Black, Porch Chair Red, Porch Chair Green and Under Coat—at these prices: 1 gal. \$2.50, 1/2 gal. \$1.35, 1 quart 75 cents, 1 pint 40 cents, 1/2 pint 25 cents. A 25c can of Wood-Shine will cover 50 square feet of average surface with one coat, or 25 square feet with two coats.

For Sale by CARL W. DIEHLS, Exclusive Agency, JANESVILLE, WIS.

Worth Its Cost

Because it is the only high-grade baking powder sold at a moderate price. Cheaper than Trust powders—dearer than cheap, low-grade powders—better than either is

Calumet Baking Powder

The powder to depend upon for greatest leavening power, perfect purity and wholesomeness. Used and recommended by the highest authorities on domestic science.

Complies Strictly With ALL Pure Food Laws—both State and National.

Don't Forget Calumet

Forty Years Ago

Jamesville Gazette, April 9, 1868.—Common Council—The council met in regular session last evening. Present, His Honor the Mayor, and all the aldermen.

The minutes of the last meeting were read and approved. Several bills on the various funds were read and referred to the finance committee.

The council then proceeded to canvass the vote for the city election, and the gentlemen having majority were declared elected. A. A. Jackson was elected mayor by a majority of 12; and a City Clerk, Treasurer, Justice of the Peace, School Commissioner at Large, and Auditor of Accounts and Measures by majority varying from 51 to 293. Of the aldermen, the Republicans elect two, while there is a tie between two Republicans in one ward, and in the other ward a Democrat is elected.

This is a signal triumph for the Republican party in this city, and demonstrates conclusively that their opponents cannot succeed either by a direct issue when they nominate a full ticket of their own, nor when they present a mixed nomination and attempt success in that manner.

Some considerable sparring oc-

curred at this time between the outgoing aldermen, especially those that had been defeated at the late election, but his honors good natured smile and gentle tap of the gavel brought the accustomed quiet.

Judicial Election—Returns from 80 towns and cities in various parts of the state, give Dixon and Palm a net gain of 640 over the majority for governor last fall, which was 4,741. It is certain that Dixon and Palm are elected, and probably by a majority greater than that given to Governor Fairchild at the last election.

It is expected that the impeachment case will be submitted to the Senate a week from next Saturday.

On the first of April the first boat of the new line of the Northwestern Transportation Company left Sioux City for Ft. Benton on the upper Missouri. The boat was loaded with merchandise purchased in Chicago, and shipped over the Chicago and Northwestern railroad which, in connection with the new steam boat line, brings Chicago in direct communication with the gold regions of Montana.

AT THE PLAY HOUSES.

Blanche Walsh, than whom the American stage knows no more brilliant actress, is announced in Wagner and Kemper's production of Jacob Gordin's tremendous drama, "The Kreutzer Sonata," at the Meyer theatre on Wednesday, April 16, with the original cast and production as first seen at the Manhattan theatre, New York. Critics have agreed that the characterization Miss Walsh has given the principal role in this stirring play takes rank with the best

creations the American stage has known in a decade. Ever forceful, Miss Walsh lends to her role a strength and a virility unequalled by any other player of modern roles and her success has been well earned. The cast was selected because of the particular qualification each and every player had for the role for which they were cast. The production, in keeping with the high standard long since established by Wagner and Kemper, is complete to the most minute detail.

BOUGHT AID FROM THE GODS.

Japanese Villagers United in Cursing Robber to Death.

This bit of local color is from the Japan Times: "At Shinokubo, a small village in Hoshiu, consisting of only 70 houses, several cases of robbery have lately occurred to the great alarm of the villagers. A diligent search instituted by them for the offender proved an utter failure. The community consequently held a mass-meeting and unanimously agreed upon cursing the robber to death. A virtuous priest of the locality was accordingly applied to for the purpose. He, however, declined to curse the robber to death, an action cruel for a holy man like him to resort to, but promised that he would paralyze the robber by his powerful prayers, so as to disable him and lead him to repentance. Thus the priest commenced his incantations. But, behold, the robber continued his subtle operations to the indignation of the entire community. The priest has been condemned as a worthless fellow, and the villagers have taken upon themselves the task of repairing every day to the village temple by two and threes to offer horrible prayers by which the robber is doomed to an early and fearful death."

GOOD CHANCE FOR INVENTORS.

Fortune Waiting for Man Who Can Perfect the Umbrella.

"How rich I'd be," said one umbrella salesman to another, "if I had patented the umbrella." "You might as well talk of a patent on cooking," said his friend. "Umbrellas appear to have existed always. Indeed, wherever excavations have been made—at Babylon, Nineveh, Nimrod—traces of the umbrella have been found. The article is coeval with mankind. The English didn't begin to use it until 1700. Shakespeare with all his genius had no umbrella to protect him from the rain. What you might do would be to patent some new sort of umbrella—some rain shield built on better lines. We have proof that the umbrella has existed for 10,000 years and yet in all that time it has not once been improved. Today, as it did two or three hundred years ago, it turns inside out with a strong gust of wind and it only protects the head and shoulders from the rain. Change all that. I want an umbrella that is a complete rain shield. Then you will be a millionaire in six months."

SAN FRANCISCO'S RAT WAR.

The raid on rats at this time is not the first of the kind in San Francisco. In 1862, when the sidewalks in Kearny and Montgomery streets were as uneven as the existing walks in Market street east of Front, and were made up of dry goods boxes laid in the mud and to end, some high and some low, the town was overrun with rats of all colors—gray, white, brown and black. At night they would crawl out of their holes and run along the uneven walks. They were so thick on the streets during the spring of the year named that women were afraid to go out after nightfall, and the men who ventured forth on the poorly lighted streets often stepped on a dozen rodents in walking the distance of a block. It was no uncommon thing to see men with crooked canes on the sidewalk playing whiffles, the rats being used in place of knurs. In that way many were killed.

KAYSER GLOVES.

Not Up to the Standard. These have invaded the sacred precincts of the select boarding school for young ladies. He has entered disguised as a "course in northern literature." He may be found even in the fashionable New York finishing schools, where the budding social leaders go to take luncheon and recess. In one of these establishments a blonde beauty taking the Ibsen course recently remarked to her instructor: "I don't think Ibsen knew much about dramatic art. I've just been to see 'The Master Builder,' and they wore the same costumes all the way through."

The astonished instructor swallowed quickly and responded: "Don't judge Ibsen by one play, in 'Hedda Gabler' they wear morning, afternoon and evening clothes. It's really quite drossy!"

The astonished instructor swallowed quickly and responded: "Don't judge Ibsen by one play, in 'Hedda Gabler' they wear morning, afternoon and evening clothes. It's really quite drossy!"

The astonished instructor swallowed quickly and responded: "Don't judge Ibsen by one play, in 'Hedda Gabler' they wear morning, afternoon and evening clothes. It's really quite drossy!"

MILL ENDS Where Do They Come From? What Do They Mean?

Mill Ends mean goods that fall short of full pieces. Identical in quality, style and design with the full piece still not to be classed with regular goods. A thread missing in napkins, a slight discoloration in some fabric, crooked stitching in underwear, a coarse thread in hose.

None of these slight flaws matter to the customer, but they prevent the mill or factory from selling the goods at a profit.

IT MEANS the remnant product of many mammoth mills and factories will be laid before you at mill cost and less.

IT MEANS the lowest prices ever given on reliable merchandise.

IT MEANS we have the merchandise to back up every price in this advertisement.

IT MEANS not a low price on a few things but a Mill End Sale of everything you may need for yourself and for your family.

From Factory to You At the Mill End Price

Do Your Painting Now

Before the little knots and insects begin to lay about, and there's less dust now to annoy you than in the fall. There's no valid reason, Mr. Property Owner, why you should pay trust prices which mean high prices like \$1.75 per gallon for paint not as good in quality as the paint we are offering you at this time. Buy Paint Now for a year to come. Our factory Sale Price is only good for Eight Days and the Paint is warranted for five years.

DOES YOUR HOUSE LEAK?

Have our expert Tinsmiths repair your roof—gutters, etc., or they'll put on a new roof or paint it. Our prices are the lowest in Janesville for reliable work.
